13. Venue is properly laid in this Court pursuant to 28 U.S.C. § 1397.

NATURE OF ACTION

14. This is an action for interpleader with respect to the sum of \$541,282.53, representing the amount due under an invoice for the supply of bunkers to the vessel M/V RIGEL LEADER. With respect to payment of the invoice, O.W. USA, NuStar, Kirby, ING Bank N.V. or some other third party may have conflicting claims as to ownership of the fuel payment funds owed by NYK Line or NYKTC for the purchase of and receipt of a specific and finite quantity of bunkers (fuel) in the Port of Houston for the vessel M/V RIGEL LEADER, delivered to the Vessel on October 16, 2014 (the "Fuel Delivery").

FACTUAL BACKGROUND

- 15. On or about October 9, 2014, NYK Line or NYKTC ordered bunkers to be loaded onboard and consumed by the Vessel from O.W. USA. The bunkers were supplied to the Vessel within the Port of Houston. A true copy of the sales confirmation is attached hereto as Exhibit 1.
- 16. The bunkers were delivered to the Vessel on October 16, 2014. A bunker delivery receipt was issued by NuStar. A true copy of the bunker delivery receipt is attached hereto as Exhibit 2.
- 17. The bunker delivery receipt notes that the bunkers were delivered by Kirby's bunkering barge, KIRBY 29751.
- 18. Upon information and belief, NuStar sold the bunkers to O.W. USA pursuant to a sales agreement between Nustar and O.W. USA. Attached as Exhibit 3 is a true and correct copy of an invoice issued from NuStar to O.W. USA for the October 16, 2014 Fuel Delivery.
- 19. An invoice for the Fuel Delivery was issued to the Vessel and/or charterers NYK Line and/or NYKTC on October 16, 2014 by O.W. USA for the supply of bunkers. The invoice

directs payment of \$541,282.53 to O.W. USA with payment to be made to an ING account. A true copy of the Fuel Delivery invoice is attached hereto as Exhibit 4.

- 20. The standard terms and conditions of all OW Bunker entities for the sale of bunkers includes clause P.5: "Without prejudice to any other Clause herein any disputes and/or claims arising in connection with these conditions and/or any Agreement governed by them, any dispute and/or claim aris[ing] in connection with a Vessel detained by Seller at any port, place or anchorage within the United States shall be submitted to the United States District Court for the Southern District of New York." A true copy of the OW Bunker terms is attached hereto as Exhibit 5.
- 21. On November 7, 2014, O.W. Bunker AS ("O.W. Denmark") and certain of its Danish subsidiaries and affiliates filed for bankruptcy in their home jurisdiction of Denmark. Thereafter many other O.W. entities and/or affiliates filed for bankruptcy in various other jurisdictions around the world. None of those foreign bankruptcy proceedings have been recognized in the United States pursuant to Chapter 15 of the U.S. Bankruptcy Code.
- 22. On or about November 13, 2014, O.W. USA, O.W. Bunker North America Inc. ("O.W. North America") and O.W. Holding North America Inc. ("O.W. Holding") all filed voluntary petitions pursuant to Chapter 11 in the United States Bankruptcy Court for the District of Connecticut as Case Nos. 14-51720, 14-51721 and 14-51722.
- 23. Pursuant to an Omnibus Security Agreement dated December 19, 2013 between O.W. Bunker & Trading A/S and its subsidiaries (believed to include O.W. USA, O.W. North

¹ Plaintiff respectfully submits that this interpleader action does not violate the automatic stay imposed by the Bankruptcy Code, 11 U.S.C. § 362. See Price & Pierce Int'l, Inc. v. Spicers Int'l Paper Sales, Inc., 50 B.R. 25, 26 (S.D.N.Y. 1985) (as debtor was in reality nominal defendant in interpleader action, interpleader action did not violate automatic stay). O.W. Debtors and counsel to the Unsecured Creditors Committee have expressly stated to this Court that they intend to make a motion to transfer the Connecticut Bankruptcy actions to the Southern District of New York Bankruptcy Court.

America and O.W. Holding), and ING as Security Agent, the O.W. entities have allegedly assigned certain rights in respect of their supply contracts as security to ING.

24. Due to the bankruptcy filings of O.W. Denmark, O.W. USA, O.W. North America, O.W. Holding, other O.W. group entities, NuStar, Kirby and ING have sought or are expected to seek to collect amounts allegedly owed to them arising from or related to the supply of bunkers to the Vessel.

POSSIBLE ARREST OF VESSEL AND NECESSITY OF INTERPLEADER

- 25. Under United States maritime law, the contract supplier of necessaries, including fuel, to a vessel obtains a maritime lien against that vessel. Additionally, under certain circumstances, a physical supplier of the fuel (such as NuStar) may also assert a maritime lien on that vessel.
- 26. Moreover, other parties, such as ING, may be expected to assert a right to the bunker payment based on ING's demands for payment. Upon information and belief ING's claims are based on assignments of receivables by various O.W. entities including but not limited to O.W. USA and O.W. North America. A true copy of an ING demand for payment of the October 16, 2014 invoice to NYKTC pursuant to the Omnibus Security Agreement is attached hereto as Exhibit 6.
- 27. The Vessel trades in the United States, as evidenced by the location of the fuel delivery at issue, and is due to call at various ports in the United States and elsewhere and could face arrest pursuant to Supplemental Admiralty Rule C by any of the defendants claiming to assert a maritime lien,² which would cause harm to Plaintiff and NYKTC, delay the Vessel,

² Plaintiff makes no assertion nor takes a position as to the validity of any of the potentially asserted maritime liens or other claims by any of the Defendants or whether O.W. USA has validly assigned any maritime lien claim to

affect innocent third parties with interests in the Vessel's cargo and generally inhibit and interfere with maritime commerce.

- 28. Plaintiff itself or its representative for payment presently has control over the funds invoiced for the Fuel Delivery to the Vessel. Plaintiff disclaims any interest in the amount invoiced for the supply of bunkers to the Vessel.
- 29. Plaintiff cannot ascertain whether the amount owed for the Fuel Delivery should be paid to O.W. USA, NuStar, Kirby or ING in order to extinguish all maritime liens and/or other claims against the vessel charterer NYK Line, NYKTC and the Vessel and to prevent the Vessel's arrest in this District or elsewhere and claims for payment on the Fuel Delivery and extinguish claims against any of the interested parties for double payment for the Fuel Delivery.
- 30. The competing claims of the Defendants or other third parties will likely expose Plaintiff NYK Line, NYKTC and the vessel M/V RIGEL LEADER to multiple liability in connection with the payment of the bunker invoice in order to extinguish competing maritime lien claims and/or other *in personam* or non-maritime claims.
- 31. Plaintiff as time charterer, acting on behalf of the vessel M/V RIGEL LEADER is entitled to deposit with the Court the sum of at least \$541,282.53, representing the amount due pursuant to the invoice issued by O.W. USA for the Fuel Delivery, and require that O.W USA, NuStar, Kirby, ING and any other claimant interplead among themselves to establish their respective rights to the invoice funds.
- 32. Further, in order to comply with the requirements of Supplemental Admiralty Rule E(5)(a) and for the funds deposited into the registry to constitute security for the *in rem* claims of the claimants and to act as the substitute *res* against which claimants must assert their

ING. This issue is a matter to be decided by the District Court or other court having jurisdiction over the underlying claims by and between the claimants.

maritime liens for the Fuel Delivery, Plaintiff is prepared to deposit an additional amount constituting 6% interest per annum or such other amount as the court deems just and proper. This amount is calculated to be \$573,759.48, inclusive of one year of interest.

33. After depositing the sum of \$573,759.48 with the Court, Plaintiff NYK Line and party-in-interest NYKTC are entitled to be discharged from further liability with respect to the funds and liability for payment for the Fuel Delivery. The Vessel is similarly entitled to be discharged from any maritime lien against it arising from the Fuel Delivery as described herein and as reflected in Exhibits 1-3.

WHEREFORE, Plaintiff Nippon Kaisha Line Limited, individually as charterer and on behalf of the vessel M/V RIGEL LEADER respectfully requests that this Court:

- (i) determine which of the defendants is entitled to the Fuel Delivery funds, or, in the alternative, the share of each defendant, if any, or hold the Fuel Delivery funds until such time as a determination by another court of competent jurisdiction makes such a determination;
- (ii) enjoin O.W. USA Inc., NuStar Energy Services, Inc., Kirby Inland Marine LP and ING Bank, N.V. from commencing any action against Nippon Kaisha Line Limited, NYK Trading Corporation or the vessel M/V RIGEL LEADER *in rem*, including but not limited to the arrest of the Vessel in any port, pursuant to Supplemental Admiralty Rule C based on the assertion of any *in rem* claim for the provisions of the bunkers referred herein as the Fuel Delivery;
- (iii) discharge Nippon Kaisha Line Limited and NYK Trading Corporation from any liability on any claim that has been made or may in the future for the Fuel Delivery upon Plaintiff's deposit of \$573,759.48 into this Court's registry, or such other amount the Court finds sufficient to discharge the M/V RIGEL LEADER from liability for the Fuel Delivery;

- (iv) discharge the vessel M/V RIGEL LEADER from any liability on any claim that has been made or may in the future be made for the Fuel Delivery upon Plaintiff's deposit of \$573,759.48 into this Court's registry;
 - (vi) award Plaintiff its costs and attorneys' fees in this action; and
- (vii) award Plaintiff such other and further relief which this Court may deem just and proper.

GENERAL INSTRUCTIONS AND GUIDELINES FOR BUNKERING, FOR RECEIVING VESSELS

BEFORE BUNKERING:

Please make sure to check all information given by the supplier on Bunker Requisition Form or such similar form as the supplier presents via the barge. If you notice changes in quantity or quality please urgently contact the relevant person in charge in your own operations to have same verified.

Make sure to witness and verify initial measurements and ullaging onboard the barge before. ALL tanks to be checked and measured including actual temperature of cargo – also including those tanks said not to be included in the particular supply (idle tanks). Compare measurements and verify the quantities as per barge ullage tables. When in full agreement please sign the ullage/sounding report for Before Supply figures. If any disagreements with the measurements, temperature and thereby figures please advise this on the Sounding form or, if not allowed, on separate Letter of Protest (make sure to obtain signature and stamp from barge Master for receipt).

If surveyor attends please ensure the surveyor also participates in measuring all barge tanks before supply and verify the figures.

DURING BUNKERING:

Always place a watchman to witness safe operation including also proper and correct sampling. The watchman must ensure that sampling is done properly, as continuous drip sampling throughout the delivery, and that clean devices are used for sampling. Also the watchman must witness proper and correct division into minimum 4 (four) clean and new identical sample bottles, including proper labeling and sealing of ALL samples. Make sure original sample (cubitainer) is shaken vigorously for 3 minutes before splitting into the 4 sample bottles and that bottles are filled in several passes. All seal numbers to be inserted into the Bunker Delivery Receipt (BDR). The MARPOL sample must be one of these samples drawn under witnessing.

The watchman must pay special attention to the bunker hose, and any un-agreed attempts to transfer air via same should cause immediate stoppage unless the use of air is caused by stripping of barge tanks, which stripping to be agreed in advance by both parties. If air is blown on continued basis, and stoppage on the supply not possible for any reason, the incident to be stated on a Letter of Protest, which should also contain the time (hours from/to) that airblow was notified.

It is known in some areas that the so-called Cappucino Effect may be used or attempted to be used during supply. Pay special attention hereto and take all necessary precautions to observe, which includes:

- During tank measurements before it should be notified whether there are signs of air on the measuring tape used for ullaging.
- Look carefully for any signs of bubbles or similar on the surface of the fuel when it is still onboard the barge.
- Agree with the barge when and if they are going to make stripping of their tanks.
- Check and note the draft fore, mid and aft on the barge before and after supply to compare.
- If any signs at all of cappuccino or similar (except eventual stripping, agreed in advance), please stop the supply immediately and compare supply quantities made so far.
- Contact vessel operator in charge and request notification to the Seller and Supplier immediately.
- If surveyor attending please ensure that the surveyor signs a Letter of Protest also.
- After stopping the bunker supply please wait minimum 1 hour to await bubbles to disappear and re-measure the barge jointly with barge Master.

AFTER COMPLETION:

Repeat the measurement, sounding and ullaging of the barge, including verification of temperature of each tank. Make sure also on completion to verify contents of ALL tanks, including those being idle.

Report (ullage) must be signed by all parties involved, including eventual nominated surveyor. If disagreements with the figures (mm, temperature) a Letter of Protest to be issued, but also such specific disagreements to be stated on the Ullage report covering "after" supply.
